Ruth Livingston Studio introduces the **Bamboo Console Table**, a new addition to the **Steel Collection**.

Press Release

Bamboo Console

Expanding the collection of furniture designs inspired by nature, ***Ruth Livingston Studio*** introduces the **Bamboo Console as part of The Bamboo Forest Collection**, as featured in Interior Design Magazine's May 2011 Market Tabloid. "Inspiration for the collection came from the thick bamboo forest in Thailand's Northern border. I was envisioning these shapes replicated in steel. Artist *Kyle Reicher*, with whom I have collaborated on numerous designs, experimented with the shape, creating a sculptural bamboo that imitates life."

The collection is available in five standard hand-patinaed finishes and various sizes. Custom finishes and sizes are available.

Bamboo Forest Collection

Fabricated in steel & hand applied patina in 5 standard finishes: Golden Bronze, Verdigris, Oxidized, Pewter & Gunmetal. The collection is also available in a variety of powder coated finishes for outdoor use and five "mercury" finishes: Oil Rubbed Bronze, Gold, Polished Bronze, Antique Pewter and Satin Copper.
